Comprehensive, high-quality care, close to home

Allegheny Valley Hospital has been serving residents of Allegheny Valley and Kiski Valley with comprehensive, expert care close to home, for over 100 years. We provide access to specialists and innovative medical treatments to improve overall health. Our stroke center is certified at the highest level of quality and safety for response and rehabilitation.

2020
We combine compassion and support with innovative technology to aim for the best possible outcomes.

**CANCER INSTITUTE**
We treat all types of cancer through surgery, radiation, chemotherapy, biologic therapy, immunotherapy, genomics, pathology testing, and imaging studies.

- The $80 million AHN Academic Center is the nucleus for research, clinical trials, and medical education — giving patients access to more than 200 clinical trials.
- Personalized treatment to precisely target tumors and preserve healthy tissue.
- Nurse navigators help cancer patients coordinate tests and treatment.
- Collaboration with Johns Hopkins Kimmel Cancer Center to advance care and give streamlined and guided access to clinical trials and second opinions.

**CARDIOVASCULAR INSTITUTE**
We keep hearts beating with new medicines, advanced hybrid procedures, and implantable devices to fight heart disease. Patients receive personalized treatment for heart failure, arrhythmia, pulmonary hypertension, and thoracic and lung disease.

- Patients benefit from cardiac education, screenings, prevention, and rehabilitation.
- AHN Women’s Heart Center offers innovative testing, assessments, and heart care customized for women.

**EMERGENCY MEDICINE INSTITUTE**
We offer critical 24/7 access to highly skilled emergency care, coordinating with EMS and emergency transport through our Prehospital Care Service team.

- LifeFlight helicopters from five regional locations, for life-saving care and fast patient transport.
- Primary stroke center certified at the highest level of quality and safety, offering rapid response time and innovative treatments.

**PRIMARY CARE INSTITUTE**
More than 300 AHN primary care physicians across 120 locations provide preventive care and condition management, and coordinate care with specialists to keep their patients healthier.

- To remove obstacles and improve access to care, we have same-day appointments, extended hours, and online scheduling.
- Doctor Match helps patients find a doctor they’ll love.
- Pediatricians, including those with the Pediatric Alliance, provide comprehensive medical care for infants through teens.

**PSYCHIATRY AND BEHAVIORAL HEALTH INSTITUTE**
We help patients regain control of their mental, emotional, and behavioral health through comprehensive assessment, customized therapy, and medication services.

- Patients can access care through inpatient and partial-hospitalization programs, outpatient counseling, and telepsychiatry.
- Cognitive behavioral therapy (CBT) and dialectical behavior therapy (DBT) teach patients coping skills.
- Stress management and relaxation therapy reduce anxiety and stress.
