2020

**AHN CANONSBURG**  
Hospital

**AHN doctors and clinical specialists work in multidisciplinary teams to provide personalized, comprehensive care for each patient — and access to clinical trials for the newest therapies.**

### **CARDIOVASCULAR INSTITUTE**

We keep hearts beating with new medicines, advanced hybrid procedures, and implantable devices to fight heart disease. Patients receive personalized treatment for heart failure, arrhythmia, pulmonary hypertension, and thoracic and lung disease.

- Robotic and minimally invasive surgery can reduce risk and speed recovery after coronary artery, aortic, vascular, and cardiac valve repair and replacement.
- Patients benefit from cardiac education, screenings, prevention, and rehabilitation.
- AHN Women's Heart Center offers innovative testing, assessments, and heart care customized for women.

### **EMERGENCY MEDICINE**

We offer critical 24/7 access to highly skilled emergency care, coordinating with EMS and emergency transport through our Prehospital Care Service team.

- LifeFlight helicopters from five regional locations, for life-saving care and fast patient transport.

### **MEDICINE INSTITUTE**

Physicians in 14-subspecialties offer innovative treatments for a wide range of conditions, including allergies, lupus, diabetes, Lyme disease, digestive issues, dental care, skin conditions, breathing disorders, and sleep disorders.

- Centers of Excellence for lupus, rheumatoid arthritis, celiac disease, and inflammatory bowel disease.
- Improving outcomes and quality of life for individuals with breathing conditions through pulmonary rehabilitation.
- Testing and treatment for sleep disorders at home or in our outpatient sleep lab.

### **ORTHOPAEDIC INSTITUTE**

High-quality specialized care for orthopaedic injuries and complex musculoskeletal conditions so patients can increase mobility, regain health, and get back to the lives they love.

- New therapies for comprehensive, coordinated, concussion care.
- Sports medicine specialists help athletes regain strength and flexibility to achieve their best performance.
- Official medical provider of the Pittsburgh Pirates, Pittsburgh Riverhounds, and many area schools.
- First health system in Pennsylvania to use ExactechGPS® for shoulder replacement surgery.

### **SURGERY INSTITUTE**

Through the latest laparoscopic and robotic technologies, more patients have minimally invasive options for surgery, which may give them a faster recovery, less pain, and a shorter hospital stay.

- Surgical expertise to treat complex colorectal conditions.
- Part of a nationally connected Living Donor Kidney Program.
- Innovative surgical techniques to help patients with complex hernias.
