

## World-renowned expertise

West Penn Hospital, in Pittsburgh's Bloomfield neighborhood, is an academic medical center with an international reputation for excellence and innovation in patient care, education, and research. Established in 1848, it was the first hospital in western Pennsylvania to achieve three consecutive Magnet® designations for excellence in nursing services.

## FAST FACTS 2020

AHN doctors and clinical specialists work in multidisciplinary teams to provide personalized, comprehensive care for each patient — and access to clinical trials for the newest therapies.

## CANCER INSTITUTE

We treat all types of cancer through surgery, radiation, chemotherapy, biologic therapy, immunotherapy, genomics, pathology testing, and imaging studies.

- One of Pennsylvania's largest cell transplant programs.
- Personalized treatment to precisely target tumors and preserve healthy tissue.
- Nurse navigators help cancer patients coordinate tests and treatment.
- The \$80 million AHN Cancer Institute – Allegheny General is the nucleus for research, clinical trials, and medical education — giving patients access to more than 200 clinical trials.

## CARDIOVASCULAR INSTITUTE

We keep hearts beating with new medicines, advanced hybrid procedures, and implantable devices to fight heart disease. Patients receive personalized treatment for heart failure, arrhythmia, pulmonary hypertension, and thoracic and lung disease.

- Robotic and minimally invasive surgery can reduce risk and speed recovery after coronary artery, aortic, vascular, and cardiac valve repair and replacement.
- AHN Women's Heart Center offers innovative testing, assessments, and heart care customized for women.
- Cardiac education, screenings, and prevention.

## WOMEN AND CHILDREN INSTITUTE

We care for women throughout their lives with obstetrics, primary care, breast care, advanced gynecologic surgery, bone density testing, and all medical subspecialties.

- 7,700 babies are born each year at four AHN hospitals, where women can experience personal nursing care and family-centered childbirth in our spacious, birthing suites, and our Level III NICU.
- AHN's Alexis Joy D'Achille Center for Perinatal Mental Health, the first of its kind in the western Pennsylvania region and one of only a few in the country.

## MEDICINE INSTITUTE

Physicians in 14 subspecialties offer innovative treatments for a wide range of conditions, including allergies, lupus, diabetes, Lyme disease, digestive issues, dental care, skin conditions, breathing disorders, and sleep disorders.

- In the AHN Autoimmunity Institute, a one-of-a-kind facility, multidisciplinary teams create and coordinate specialized care plans for patients with autoimmune disorders.
- Centers of Excellence for lupus, rheumatoid arthritis, celiac disease, and inflammatory bowel disease.
- AHN dermatologists specialize in phototherapy for cutaneous T-cell lymphoma, eczema, psoriasis, and contact dermatitis, as well as Mohs Micrographic surgery for treating skin cancers, to decrease the risk of recurrence and provide optimal cosmetic results\*.
- Improving outcomes and lowering costs for individuals with chronic conditions like diabetes, COPD, and chronic kidney disease.

## ORTHOPAEDIC INSTITUTE

We deliver high-quality specialized care for orthopaedic injuries and complex musculoskeletal conditions so patients can increase mobility, regain health, and get back to the lives they love.

- Advanced pain management strategies and muscle-sparing, minimally invasive, robotic-assisted systems for hip and knee joint replacement.
- New therapies for comprehensive, coordinated, concussion care.
- Sports medicine specialists help athletes regain strength and flexibility to achieve their best performance.

## BURN CENTER

Only center in the region verified for the past 20+ years by the American Burn Association and the American College of Surgeons for treating both pediatric and adult burn victims. Our specialists treat patients with burns, soft tissue disorders, and other non-healing wounds.
