Comprehensive care, close to home

Established in 1978, Forbes Hospital is the only full-service hospital in the eastern Pittsburgh suburbs, providing comprehensive services and specialists so patients can get the care they need right in their own community.

Recognition

- American Heart and American Stroke Association’s Gold Plus status for both “Get With The Guidelines®” heart failure and stroke programs.
- CORE (Center for Organ Recovery & Education) Donate Life Platinum Award.
- The Cardiothoracic Intensive Care Unit won a three-year, bronze-level Beacon Award for Excellence by the American Association of Critical-Care Nurses.
- Blue Distinction Center+ designation for efficiency in delivering high-quality care and better overall outcomes for cardiac care and knee and hip replacement.
- Forbes Hospital is rated among the Top 10% of hospitals in the Nation for Patient Safety in Neurological Care*.
- Forbes Hospital receives Leapfrog Spring 2020 “A” grade in patient safety.**
We combine compassion and support with innovative technology to aim for the best possible outcomes.

CANCER INSTITUTE
We treat all types of cancer through surgery, radiation, chemotherapy, biologic therapy, immunotherapy, genomics, pathology testing, and imaging studies.

- The $80 million AHN Cancer Institute – Allegheny General is the nucleus for research, clinical trials, and medical education — giving patients access to over 200 clinical trials.
- One of Pennsylvania’s largest cell transplant programs.
- Personalized treatment to precisely target tumors and preserve healthy tissue.
- Nurse navigators help cancer patients coordinate tests and treatment.

CARDIOVASCULAR INSTITUTE
We keep hearts beating with new medicines, advanced hybrid procedures, and implantable devices to fight heart, thoracic, and lung disease.

- Robotic and minimally invasive surgery can reduce risk and speed recovery after coronary artery, aortic, vascular and cardiac valve repair and replacement.
- Patients benefit from cardiac education, screenings, prevention, and rehabilitation.
- AHN Women’s Heart Center offers innovative testing, assessments, and heart care customized for women.

EMERGENCY MEDICINE
We offer critical 24/7 access to advanced emergency care, coordinating with EMS and emergency transport through our Prehospital Care Service team.

- At the only level II trauma center in the eastern suburbs — patients gain safe, rapid access to comprehensive care.
- Primary stroke center certified at the highest level of quality and safety, offering rapid response time and innovative treatments.
- LifeFlight helicopters from five regional locations, for life-saving care and fast patient transport.

NEUROSCIENCE INSTITUTE
We are leaders in providing innovative, expert medical and surgical treatment for patients with complex brain, spine, and neurological conditions.

- Managing headaches, back, and neck pain with therapy, medications, or surgery.
- One of the first health systems in western Pennsylvania to use OsteoCool™ technology – which uses heat to kill spinal tumors.
- Precision robotic technology to heal the brain and spine.

ORTHOPAEDIC INSTITUTE
High-quality specialized care for orthopaedic injuries and complex musculoskeletal conditions so patients can increase mobility, regain health, and get back to the lives they love.

- Our experienced orthopaedic surgeons use advanced pain management strategies and muscle-sparing, minimally invasive, robotic-assisted systems for hip and knee joint replacement.
- New therapies for comprehensive, coordinated, concussion care.
- Sports medicine specialists help athletes regain strength and flexibility to achieve their best performance.

WOMEN AND CHILDREN INSTITUTE
We care for women throughout their lives with well-woman services, obstetrics, primary care, breast care, advanced gynecologic surgery, bone density testing, and all medical subspecialties.

- AHN delivers more than 7,700 babies each year at four AHN hospitals.
- Here, women can experience personal nursing care and family-centered childbirth in our spacious, birthing suites.
- Premature or fragile infants are cared for in our Level II neonatal intensive care unit (NICU).
